

Clary

ETHICAL STANDARDS

1. We at Clary & Associates recognize that our work has a direct and vital impact on the quality of life for all people, and will hold paramount the safety, health and welfare of the public in the performance of our professional duties.
2. We will perform services only in the areas of our competence.
3. We will issue public statements only in an objective and truthful manner.
4. We will act in professional matters for each client as faithful agents or trustees, and avoid conflicts of interest.
5. We will build our professional reputation on the merit of our services and avoid improper solicitation of professional employment.
6. We will act in such a manner as to uphold and enhance the honor, integrity and dignity of the profession of land surveying.
7. Clary & Associates will continue our professional development and provide opportunities for the professional development of those under our supervision.
